

Computer Science Education Week 2018

Boomerang Treasure

Code can sometimes be like... a secret code! Can you be the first one to find the hidden treasure?

Directions: The Boomerang Blocks hold the secret to the buried treasure's location. Use the code to draw Root's path and mark "X" on the treasure's spot!

The interface consists of a sequence of Boomerang Blocks and a 10x10 grid. The blocks are as follows:

- Block 1: "when" trigger with a play button icon.
- Block 2: Red boomerang, left turn.
- Block 3: Orange boomerang, left turn.
- Block 4: Orange boomerang, left turn.
- Block 5: Purple boomerang, left turn.
- Block 6: Orange boomerang, left turn.
- Block 7: Red boomerang, left turn.
- Block 8: Yellow block with a blue arrow pointing down and a treasure icon.
- Block 9: Yellow block with a money bag icon.

The grid is a 10x10 square. A treasure icon (a cross with a face) is located at the bottom right corner (row 10, column 10).
